DESCRIPTION

The Elines Hermes touchscreen POS has a large 15.6-inch capacitive panoramic display. Its ample space allows for software and applications with a 16:9 layout.

It operates on the Android 13 operating system, making it easily compatible with the latest applications. It features a Quad-Core ARM Cortex A17 processor and 4GB of RAM.

The device is entirely metallic in its stand and structure, and the ports are covered by a lid on the back of the screen.
