

POINT OF SALE

POS A25 | RK3566

Panoramic 15.6" POS with slim display and simple design, high performance, large memory capacity, and stable aluminum base.

POS with ABS structure and a 15.6" capacitive True Flat widescreen display, combining a simple, modern design with a slim bezel that enhances the lightness of the device. Versatile performance thanks to the option of integrating Intel J6412, i5, or RK3566 processors, and compatible with both Windows and Android systems.

It comes with 4GB DDR4 memory, expandable up to 16GB, and 64GB SSD storage with the option of up to 512GB. Its stable and durable aluminum alloy base ensures long-lasting performance, while the easy installation and multiple connectivity interfaces make it a practical POS, adaptable to different work environments.
