

POINT OF SALE

TLM | 200 J6412

Point of Sale Terminal with 12-Inch Capacitive Touchscreen. A lightweight and compact terminal, perfect for easy installation in any space and business.

The compact **TLM 200 POS** terminal is designed to fit in any type of space. Thanks to its small dimensions, it can be conveniently placed under the counter or mounted on the wall using its VESA mount support. It features a 12-inch screen, with an ABS structure and a metal stand.

Don't let its small size fool you, as it's a **POWERFUL** device on the inside. It comes equipped with a J6412 processor, 8GB of RAM, and 128GB of storage in its basic version. It can be expanded upon request to meet the specific needs of your business.
