

POINT OF SALE

# TLM | 500 INTEL i5

Point of sale terminal with a 15-inch capacitive touchscreen. Ideal device for any type of business, retail, and retail trade.

The TLM 500 point of sale terminal is characterized by its great stability and elegance, featuring a **15-inch capacitive** touchscreen. It boasts a design with clean lines and high-quality materials, constructed from a lightweight ABS material and a metal base to provide a comfortable, cozy, and stable device.

This fantastic device supports any optional configuration that the establishment may require: a 2-line customer display, a second screen for customers, or an MSR reader. For easy connection, these options can be easily installed by accessing the hidden ports located on the back of the device. It offers connectivity for up to 6 USB ports, HDMI, VGA, and COM ports.
