SCANNERS

7LM | B3120 2D

Desktop omnidirectional scanner for working with 1D barcodes and 2D codes.

The TLM B3120 2D is a desktop omnidirectional scanner that quickly reads 1D or 2D product codes in any position. It is ideal for use in supermarkets or retail environments that require a continuous scanning flow for hands-free operation.

The scanner also works with QR codes, providing quick reading and emitting a configurable audible beep. It has **USB** or **RS232** connectivity and is IP54 certified with protection against dust and water particles for enhanced safety.

(**2D**) (**OMNIDIRECTIONAL**) (**IP54**)
