

CUSTOMER DISPLAY

TLM | TD777

7" color TFT LCD customer display, compact, versatile, and compatible with multiple systems and image formats.

This 7" TFT LCD display simultaneously shows text and images in full color, with a resolution of 480×234 and 64K colors. Its 400 cd/m² brightness and 120°/100° viewing angles ensure excellent visibility. Compatible with JPEG, BMP, PNG, TIF, and GIF formats, it features a 75×75 mm VESA mount and an adjustable stand for flexible installation.

It supports 11 command modes, including Logic Control, and OPOS/JPOS drivers. Featuring RS232 and USB interfaces, 0°–60° vertical rotation, and a 20×2 character display, it ensures clear and reliable presentation. With a lifespan of 30,000 hours and a 5–12 VDC power supply, it is compatible with multiple languages and complies with FCC and CE standards.
